

CONTRACT MANAGEMENT

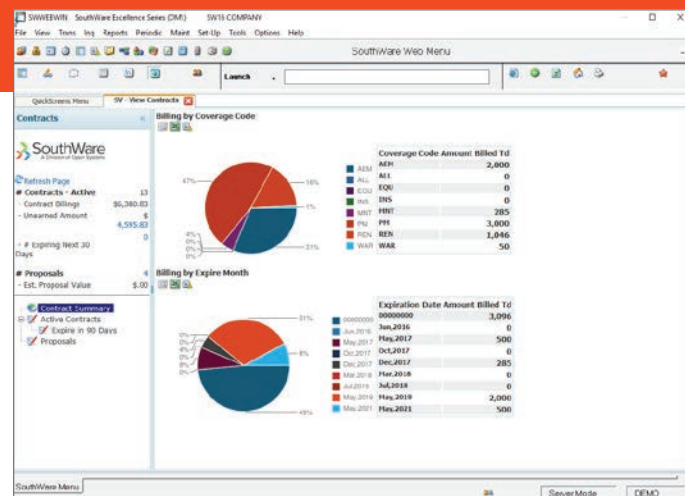

Service Management

Effectively managing your service contracts can be one of the biggest challenges your service business faces. Service contracts tend to be complex and may include pricing exceptions, different levels of coverage, and even different billing cycles. Your contract information must be accurate, but it takes a lot of work. A great way to minimize this workload is with SouthWare's Contract Management.

Benefits

- Keep service contracts current and accurate with less work
- Know how profitable each contract has been
- Make sure that service contracts don't lapse without first proposing a renewal
- Check on all service work done against a particular contract
- Know the correct amount of earned and unearned contract revenue without doing a lot of calculations every month
- Instantly know whether a piece of equipment is covered by a service contract
- Ensure that a service contract is suggested on every piece of equipment you sell
- Eliminate billing errors by ensuring that different contract rates, limits, and coverages are automatically considered on service orders
- Eliminate the possibility of forgetting any regularly scheduled work
- Make sure contract billings are sent out on time
- Analyze the performance for different financial reporting entities as well as for the entire company

Contract Management handles the service contract functions for SouthWare's Service Management Series, a complete system for service businesses. With Contract Management you get the help you need to record, track, propose, renew, service, and bill your service contracts accurately and efficiently.

CONTRACT MANAGEMENT CAN HELP YOU ANSWER SUCH QUESTIONS AS:

- Which contracts are due to expire next month and how much are those contracts worth?
- What service work has been done so far against this contract?
- What's our total amount of unearned contract revenue as of the end of this month?
- What will be the price of this contract this year with the new equipment that has been added?
- How can we quickly present a customer with proposals on the three different levels of coverage we offer?
- How do we make sure that our service contract customers get higher priority than other customers?
- What's the right amount to bill on a contract that covers only part of a normal billing cycle?
- How do we charge for excess meter usage on a contract?
- What's our total amount of unearned contract revenue as of the end of this month?
- How can we add 2% to our standard rates for contracts that are billed quarterly instead of annually?
- Did we make a profit on this contract last year?
